# **ADHERO Floor Drain**

# Floor drain as part of the SOLITEX ADHERO system

# Technical data

Material				
PVC				
Regulation	Value			
	Grey			
	3.5 mm			
	320 mm			
	Pipe: 63 mm			
	Flange: 300 mm			
	Regulation	PVC  Regulation  Grey  3.5 mm  320 mm  Pipe: 63 mm		

# Areas of application

Fitting for vertical drainage through the ceiling or roof structure during the construction phase. Installation with connection to a pipe or tube system for temporary drainage of water.

# Supply form

Art. no.	Pipe diameter	Length	Width	Contents	Weight	GTIN
1AR03200	63 mm	300 mm	300 mm	1 piece	0.52 kg	4026639232007

## Advantages

- ✓ Quick installation: simply drill through the building structure, no cutting necessary
- ✓ Dependable drainage: reliable run-off thanks to extra-flat flange, low fitting height
- ✓ Watertight sealing: transition between SOLITEX ADHERO and floor drain can be sealed with TESCON VANA adhesive tape with SOLID adhesive
- ✓ Time-saving and reliable drainage: connection to pipes and tubes for temporary drainage

#### Data sheet ADHERO Floor Drain

The information provided here is based on practical experience and the current state of knowledge. We reserve the right to make changes to the recommended designs and processing or to make alterations due to technical developments and associated improvements in the quality of our products. We would be happy to inform you of the current technical state of the art at the time you use our products.

Further information about application and construction is given in the pro clima planning documentation and application recommendations. If you have any questions, please call the pro clima technical hotline Ireland and UK:
